| Date of next<br>review by<br>Governors | Autumn 2024    |

#### Aims

This is the accessibility plan of St Christopher's The Hall School (School).

The aims of this accessibility plan are to set out the School's plans for:

- increasing the extent to which disabled pupils can participate in the School's curriculum;
- improving the physical environment of the School for the purpose of increasing the extent to which disabled pupils are able to take advantage of education and benefits, facilities or services provided or offered by the School; and
- improving the delivery to disabled pupils of information which is readily accessible to pupils who are not disabled.

#### Scope and application

This accessibility plan applies to the whole School including the Early Years Foundation Stage (EYFS).

This accessibility plan covers the three year period from September 2021 to August 2024.

#### **Regulatory framework**

This accessibility plan has been prepared to meet the School's responsibilities under: - Equality Act 2010;

- Education (Independent School Standards) Regulations 2014;
- Statutory framework for the Early Years Foundation Stage (DfE, March 2017); Education and Skills Act 2008; and
- Data Protection Act 2018 and General Data Protection Regulation (**GDPR**). This accessibility plan has regard to the following guidance and advice: The Equality Act 2010 and schools (DfE, May 2014);
- What equality law means for you as an education provider: schools (Equality and Human Rights Commission, April 2014).

The following School policies, procedures and resource materials are relevant to this accessibility plan:

- Equal Opportunities and Inclusion policy;
- Disability Discrimination policy;
- SEND policy;
- Fire Safety policy;
- Health and Safety policy; and
- Admissions policy;

#### Publication and availability

This accessibility plan is published on the School website and is available in hard copy on request.

A copy of this accessibility plan is available for inspection from the Bursar or School Office during the School day.

This accessibility plan can be made available in large print or other accessible format if required.

#### Definitions

References to **working days** mean Monday to Friday, when the School is open during term time. The dates of terms are published on the School's website.

#### **Responsibility statement and allocation of tasks**

The Governing Body has overall responsibility for all matters which are the subject of this accessibility plan.

To ensure the efficient discharge of its responsibilities under this accessibility plan, the Governing Body has allocated the following tasks:

| Task                                                                                                                                           | Allocated to                               | When / frequency of review            |
|------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------------------------|---------------------------------------|
| Keeping the accessibility plan up to<br>date and compliant with the law<br>and best practice                                                   | Bursar                                     | As required, and at<br>least termly   |
| Monitoring the implementation of this accessibility plan                                                                                       | Bursar / Health<br>and Safety<br>Committee | As required, and at<br>least termly   |
| Maintaining up to date records of<br>all information created in relation<br>to the policy and its<br>implementation as required by the<br>GDPR | Bursar                                     | As required, and at<br>least termly   |
| Seeking input from interested<br>groups (such as pupils, staff,<br>parents) to consider<br>improvements to this<br>accessibility plan          | School Leadership<br>Team                  | As required, and at<br>least annually |
| Formal annual review                                                                                                                           | Governing Body                             | Annually                              |

#### **Increasing accessibility**

The School plans, over time, to improve and increase the accessibility of provision in the following areas:

- the extent to which disabled pupils can participate in the school curriculum;
- the physical environment of the School to increase access to education by disabled pupils; and
- the delivery of information to pupils, staff, parents and visitors with disabilities.

Attached are three action plans relating to the above. These will be reviewed as and when necessary. In preparing these action plans, the Governing Body has had regard to the need to allocate adequate resources for their implementation.

There will be a full review of the accessibility plan in February 2024 when a new accessibility plan will be produced to cover the next three years.

### Welcoming and preparing for disabled pupils

Where it is practicable to make reasonable adjustments to enable a prospective pupil to take up a place at the School and to satisfy the current admissions criteria, the School is committed to providing those reasonable adjustments.

In order to meet the needs of disabled pupils, the School requires full information. The School will ask all applicants for admission to the School to disclose whether they have received any learning support, have had an educational psychologist's report or have any disability or other condition of which the School should be aware.

In assessing the pupil or prospective pupil, the School may need to take advice and require assessments as appropriate. The School will be sensitive to any issues of confidentiality.

### Training

The School ensures that regular guidance and training is arranged on induction and at regular intervals thereafter so that staff and volunteers understand what is expected of them by this policy and have the necessary knowledge and skills to carry out their roles. The level and frequency of training depends on the role of the individual member of staff. The School maintains written records of all staff training.

#### **Record keeping**

All records created in accordance with this policy are managed in accordance with the School's policies that apply to the retention of records.

The records created in accordance with this policy may contain personal data. The School has a number of privacy notices which explain how the School will use personal data about pupils and parents. The privacy notices are published on the School's website. In addition, staff must ensure that they follow the School's data protection policies and procedures when handling personal data created in connection with this policy. This includes the School's Data Protection policy.

### Action Plan for increasing the extent to which disabled pupils can participate in the school curriculum

| Targets                                                                                                                                                                                    | Strategies                                                                                                                                                                                                                                                          | Outcome                                                                                            | Time frame                      | Goals achieved                                                                                                                                             |
|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------------------------------------------------------------------------------------------|---------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Enable staff to<br>increase their<br>knowledge and<br>understanding of the<br>needs of disabled<br>pupils.                                                                                 | Individual healthcare plans are<br>in place for students with<br>specific accessibility<br>requirements<br>Training of staff. The Learning<br>Enrichment Department<br>provides all staff with discrete<br>information on pupils with<br>Special Educational Needs. | Staff confidence in<br>providing<br>appropriate<br>teaching and<br>support for<br>disabled pupils. | Ongoing                         | Success and wellbeing of<br>pupils with a disability.<br>Pupils with a disability<br>feel positive about<br>school –<br>reviewed in PASS data<br>analysis. |
| Understanding of<br>additional requirements<br>in practical work are<br>understood and<br>prepared for in<br>advance.                                                                      | Timetabling changes to<br>allow additional time as<br>required<br>Pupil buddy arrangements                                                                                                                                                                          | Staff confidence in<br>providing<br>appropriate<br>teaching and<br>support for<br>disabled pupils. | Ongoing review<br>of materials. | Success and wellbeing of<br>pupils with a disability.<br>Pupils with a disability<br>feel positive about<br>school –<br>reviewed in PASS data<br>analysis. |
| Organisation of<br>classrooms to enable full<br>participation of pupils<br>with a disability and<br>provision of<br>appropriate learning<br>tools, for example,<br>specialist IT software. | Guidance from specialists<br>used when required, for<br>example, the local authority.                                                                                                                                                                               | To ensure effective<br>learning and safety<br>at school.                                           | As required.                    | Success and wellbeing of<br>pupils with a disability.<br>Pupils with a disability<br>feel positive about<br>school –<br>reviewed in PASS data<br>analysis. |

| Targets                                                                                         | Strategies                                                                                                                                                                                                                                                | Outcome                                                                          | Time frame | Goals achieved                                                                                                             |
|-------------------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------------------------------------------------------------------------|------------|----------------------------------------------------------------------------------------------------------------------------|
| Enable disabled pupils<br>and visitors to access<br>the ground floor of the<br>School building. | Main entrance accessible for<br>wheelchair users. Stairways<br>and corridors are kept clear to<br>allow wheelchair users access<br>into communal areas,<br>classrooms and the<br>playground. Classrooms are<br>organised for pupils with a<br>disability. | Compliance with<br>DDA requirements.                                             | Ongoing    | Compliance with DDA<br>requirements and a<br>welcoming environment for<br>pupils, staff and visitors<br>with a disability. |
| Provide access to<br>upper story<br>classrooms if at all<br>practicable.                        | Use of lift as required for any<br>pupils or staff requiring<br>assistance accessing the Upper<br>Floors.<br>Providing information to staff<br>on where to access the lift<br>lobby and obtain the lift key.                                              | Ability of disabled<br>pupils and staff to<br>access all areas of<br>the School. | Ongoing    | Improved access to<br>educational facilities.                                                                              |
|                                                                                                 | Prioritise disabled access points<br>as an integral part of any<br>planned rebuild improvement<br>works.                                                                                                                                                  |                                                                                  |            |                                                                                                                            |

### Action Plan for improving the physical environment of the school to increase access to education by disabled pupils

| Provide accessible<br>toilet facilities for<br>disabled pupils and<br>visitors.                 | Ongoing monitoring of toilet<br>facilities to ensure it meets all<br>the latest DDA requirements.                                                                                                                  | Accessible toilet<br>available on the<br>Ground Floor<br>with clear<br>signage.             | Ongoing  | Improved toilet facilities<br>for disabled pupils and<br>visitors.                                                         |
|-------------------------------------------------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------|----------|----------------------------------------------------------------------------------------------------------------------------|
| Ensure all building<br>works carried out in<br>the school are DDA<br>compliant.                 | Use of specialists to advise on<br>any alterations and obtain<br>sign-off from building control<br>on any alterations to the<br>building.                                                                          | Changes to the<br>buildings have been<br>certified as<br>compliant with<br>DDA regulations. | Ongoing  | Improved facilities which<br>have ensured the building<br>meets DDA regulations                                            |
| Optimise the physical<br>working environment<br>for pupils and staff<br>with a disability.      | In building improvement<br>works, select lighting and<br>paint schemes to help the<br>visually impaired.<br>Carpeting and use of acoustic<br>panelling to assist staff and<br>pupils with a hearing<br>impairment. | Delivery of effective<br>learning in an<br>optimal working<br>environment.                  | Ongoing  | Improvements to facilities<br>which meet the needs of<br>pupils and staff with a<br>disability.                            |
| Ensure clear signage<br>that can be used by<br>pupils and staff with a<br>visual<br>impairment. | Update of signage through<br>the building taking account<br>of appropriate colours and<br>size required for the signs.                                                                                             | Signage<br>throughout the<br>building is DDA<br>compliant.                                  | Ongoing. | Compliance with DDA<br>requirements and a<br>welcoming environment for<br>pupils, staff and visitors<br>with a disability. |

# Action Plan for improving the delivery of information to disabled pupils and staff

| Targets                                                                               | Strategies                                                                                                                                                                                                                                                                                                                                                                               | Outcome                                                                          | Time frame | Goals achieved                                                    |
|---------------------------------------------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------------------------------------------------------------------------|------------|-------------------------------------------------------------------|
| Ensuring availability<br>of written material in<br>alternative formats                | Where needed, the School will<br>provide written information on<br>alternative formats e.g. If a child<br>cannot attend School for health<br>reasons the School offers access<br>to work and other resources<br>through electronic means.<br>Diagrams described and<br>material on smartboards is read<br>out loud as required. Copies of<br>slides and diagrams available to<br>pupils. | To ensure effective<br>learning and safety<br>at school.                         | Ongoing    | Delivery of information to<br>disabled pupils is<br>improved.     |
| Effective use of<br>technology to improve<br>teaching and learning<br>for all pupils. | Ensuring availability of<br>specialist equipment which<br>meets the needs of pupils with<br>a disability: touch screen<br>computers, easy to use<br>keyboards, use of iPads, text to<br>speech software and software to<br>connect words and pictures.                                                                                                                                   | Widening of<br>opportunities for<br>learning for<br>pupils with a<br>disability. | Ongoing    | Improvements in pupil<br>progress of pupils<br>with a disability. |

# Action Plan for ensuring the school meets the needs of Staff with a Disability

| Targets                                                                                             | Strategies                                                                                                                                                                                                    | Outcome                                                                                            | Time frame | Goals achieved                                                                                                |
|-----------------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------------------------------------------------------------------------------------------|------------|---------------------------------------------------------------------------------------------------------------|
| Classrooms and<br>communal areas have<br>the flexibility to adapt<br>to staff needs as<br>required. | Staff are asked at interview and<br>during their Staff Induction<br>training, and at regular<br>appraisals what assistance and<br>reasonable adjustments are<br>required to provide support in<br>their role. | All staff feel they<br>have appropriate<br>access to the<br>support they<br>require in their role. | Ongoing.   | Positive feedback from staff<br>on the school meeting their<br>needs as reviewed in the<br>Staff Survey data. |
| Effective use of<br>technology to<br>disseminate<br>information to all staff.                       | Staff are asked at interview and<br>during their Staff Induction<br>training, and at regular<br>appraisals what assistance and<br>reasonable adjustments are<br>required to provide support in<br>their role. | All staff feel they<br>have appropriate<br>access to the<br>support they<br>require in their role. | Ongoing.   | Positive feedback from staff<br>on the school meeting their<br>needs as reviewed in the<br>Staff Survey data. |
